The Real Jewish Problem, Part 3: John Beaty's 1951 Exposé The Iron Curtain over America Foresaw Today's Nightmarish Future

With Parts 1 and 2 of this series exposing the two biggest Khazarian mafia lies leading humanity to teeter on the edge of extinction, both biblical lies falsely justify Israel's very existence at the literal expense of Palestine's disappearance. Israeli citizens are neither the birthright descendants of Judea nor the rightful claimants of a dubious ancient temple again at the literal expense of the Islam's enshrined Al-Aqsa Mosque's disappearance. Using historical lies and omissions to pretend to be Semites in order to obliterate the real biblical Semites will no longer be tolerated as the world learns this ungodly deception. In the name of Babylonian Talmudism thinly disguised as Jewish Supremacism, scientific factual truth will not permit barbaric heathens to erase whole pages of history and a whole people off the face of this earth. Part 3 of "The Real Jewish Problem" sources an important yet conveniently overlooked book nearly three quarters of a century old, almost as old as the Jewish nation-state itself. John O. Beaty's *The Iron Curtain over America* provides the missing link between Ashkenazim and Khazar, unmasking the Jewish cloak of deception as the Synagogue of Satan caught in the act.

On December 4th, former *Veterans Today* editor Gordon Duff posted Beaty's exposé in its entirety on his *theinteldrop.org*, despite its obscurity for decades. Author John Beaty (1890-1961) worked as an English professor and department head at Southern Methodist University (SMU) in Dallas, Texas for many years. The World War II veteran served in US Army Intelligence Service, ending up a Lt. Colonel, before the conservative patriot resumed his career in academia, authoring a total of 14 books along the way. But none were more important than his December 1951 cautionary nonfiction tale of *The Iron Curtain over America*, published at the height of Red Scare McCarthyism. In addition to *theinteldrop.org* deeming Beaty's bombshell book significant enough to post it online, writer-publisher Ron Unz also posted it on his *unz.com*, and it can also be found on pdf as well as Amazon.

A brief bio into the author SMU Professor John Beaty. In 1926 he was selected by the Alfred Kahn Foundation to travel to 29 nations to meet various luminaries in governments, politics and education in order to investigate and report on world affairs, which his report upon completion a year and a half later drew limited distribution, only the Foundation and a local Southwest newspaper published his findings. His other books continued selling primarily as college textbooks and his 1940 novel *Image of Life* was favorably observed, focusing on the world's degraded cultural standards just ahead of the Second World War elicited little to no response from critics or reviews.

In 1941 the Army Reserve captain was assigned active duty in Military Intelligence and wrote articles and bulletins based on military strategy for the War Department in various theaters of operation. As a major in 1942, Beaty also supervised daily assessments distributed to the president and his chain of command. Promoted to Lt. Col. in 1943 and deployed at General Staff Corps office as Chief of the Interview Section, he interviewed thousands of soldiers and VIPs after completing unusual assignments on secret war missions. With access to so much insider top secret information, the professor in uniform gained a wealth of knowledge on both the US and its relations with major

foreign powers. Though offered more tantalizing assignments and promotion to colonel, in December 1946 he opted to return to his SMU professorship.

Beaty had learned of disturbing secrets unfolding in the world that the American people were never told. After years of experience compiling in depth firsthand knowledge of intelligentsia among nations, as an author, scholar and wartime military officer, John Beaty felt compelled to share his incisive appraisal of some of the darker, developing secrets within the context of history as an intended alarm bell to warn America, outlining what he deemed our nation's very real peril, and how subversionary forces were at work to destroy the United States. Though *The Iron Curtain over America* was published an incredible 73 years ago, by 1951 John Beaty's pervasive chronicle of history to the present recognized the foreboding forces already threatening and looming as dark clouds over our nation. Tragically, during the 63-years since his death, the Marxist takeover of America has now largely come to ominous fruition.

John Beaty delved into Europe's own hidden history from ancient to medieval times, a consistent overlaying theme the Old World's lack of unity, spread into modernity, and tracing this same thread of conflict and conquest augmented by his professional exposure and knowledge of contemporary covert geopolitical Cold War developments gleaned from his years of worldly experience. The compiled end result is a chronological record bearing his insightful observations that now in retrospect turns out to be prophetic. *Iron Curtain* is one insider's thoroughly documented account, amply delivering hundreds of solid sources in parentheses within the text, revealing a high level of discernment realizing how vulnerable America was and is to covert takeover both from within and without.

The first two chapters begin in ancient history with the Teutonic Knights, skimming through biblical references to the Hebrews of Judea and Palestine, but over time addressing in more depth the evolution of the Khazar Jews first in their Khaganate located at the Eurasian crossroads, including the empire's fall under Russian Slavic Christian invasion by the 11th century, followed shortly by the onslaught of Genghis Khan's Mongols from Asia. While Beaty's treatment of the land of Khazaria echoes in close parallel to my Part 2 rendition into the medieval age, his historical account of the Khazar Jews elaborates further their activity in Russia, Eastern and Central Europe during the second half of the last millennium.

From Beaty's second chapter called "Russia and the Khazars," comes:

South of them [Salvic tribes of European Russia] *between the Don and Volga rivers and north of the lofty Caucasus Mountains lived a people known to history as Khazars (Ancient Russia, by George Vernadsky, Yale University Press, 1943, p. 214). These people had been driven westward from Central Asia and entered Europe by the corridor between the Ural Mountains and the Caspian Sea. They found a land occupied by primitive pastoral people of a score or more of tribes, a land which lay beyond the boundaries of the Roman Empire at its greatest extent under Trajan (ruled, 98-117 A.D.), and also beyond the boundaries of the Byzantine Empire (395-1453). By slow stages the Khazars extended their territory eventually to the Sea of Azov and the adjacent littoral of the Black Sea. The Khazars were apparently a people of mixed stock with Mongol and Turkic affinities.*

Citing *A History of the Jews* by Solomon Grayzel (Philadelphia, The Jewish Publication Society of America, 1947), follows this quoted extract:

Around the year 600, a Belligerent tribe of half- Mongolian people, similar to the modern Turks, conquered the territory of what is now Southern Russia. Before long the kingdom [khanate] of the Khazars, as this tribe was known, stretched from the Caspian to the Black Sea. Its capital, Ityl [also known as Atil]*, was at the mouth of the Volga River.*

After providing a unique account covering the Khazars' zenith as a khaganite kingdom empire, then by 1016 AD, the Christian orthodox Slavs (Russian and Ukrainian) took down the Khazar government and a large portion of its territory. Beaty traces the subsequent all-important Khazar migratory movements leading to the modern Jewish diaspora in Russia, Europe and North America, rarely documented elsewhere in books or on the world wide web except alt-media platforms. Sadly, by design, that's the direct result of calculated censorship omission, causing the dearth of history books linking the Khazarian Jews to the Ashkenazi Jews an extension of this deliberate whitewash. Yet that said, Beaty oddly never gets around to mentioning the Khazar/Ashkenazi kingpins responsible, the notorious Rothschild and Rockefeller dynasties and their ilk, how they've singlehandedly mapped out their rewritten version of history, controlling it to conceal their own criminal role over the last few centuries. The closest Beaty gets to naming these demonic powerbroking Jewish overlords is referring to them as "the propagandists."

Though Beaty boldly, correctly identifies the vast majority of Jews in Europe and Russia descended from Khazar migrants, by all accounts rare, I fault Beaty for his conspicuous failure to connect "follow the money" dots to squarely confront their powerfully malevolent role the Khazarian mafia bloodlines have maintained as to why we never heard of the Khazars. Next to nothing has ever been written or known about the Khazarian Empire and its subsequent seminal influence on Khazar/Ashkenazi Jews in the 19th and 20th centuries because it's been strategically, surgically scrubbed from history by the usual City of London suspects. Also, oddly throughout the book, Beaty never once mentions Ashkenazi Jews, apparently only by inference and default are the Khazars and Ashkenazis intrinsically one and the same. Yet by the early 1950s, Russian, European and North American Jews were known as the Ashkenazi Jewish diaspora.

To his credit, Beaty does emphasize the Khazar Jews' rigid, fanatical adherence to their Babylonian Talmud form of "deviant" Judaism worship, including their Jewish ghetto proclivity resisting assimilation within host cultures. Their clannish tribalism on the one hand helped sustain their self-preservation, yet simultaneously on the other, it isolated and alienated their closed off, secretive culture from their host nation majority, likely contributing to the prejudiced Jewish pogroms and deportations.

The Iron Curtain over America in detail also covers the Khazarian Jews' diasporic ideological propensity toward Marxism, including their near exclusive dominance in the Bolshevik Revolution and their ensuing power and despotic control cast over the Soviet Republic Empire, invariably spread to the Soviet Iron Curtain in post-WWII Eastern Europe, rippling further across the Atlantic to America as expanding Communist aspirations taking root especially in the US labor movement, higher education and Hollywood.

Regarding Jews' affinity towards Communism and the Soviet Union, Beaty exposes the preponderance of Jews from Russia who in America gave away US atomic secrets to the Soviets. Written during the Senator Joseph McCarthy era, the author also asserts that over 90% of these Communists in America were foreign born, hinting at the hazardous liabilities to come. The author spells out the anti-American agenda that took hold as the expectant result permitting a steady stream of incoming, often unvetted foreigners in without loyalty to the US. Beaty offers a plethora of Jewish authored books unabashedly gushing with admiration, gratitude and loyalty for Communism, cited passages from the *Universal Jewish Encyclopedia* and Alexander Bittelman's 1945 treatise *The Jewish People Face the Post-War World* among others.

In his chapter 3, "The Khazars Join the Democratic Party," Beaty exposes Louis D Brandeis, the highly influential, ultraliberal, first Supreme Court Justice Jew atop America's top court from 1919 to 1939. Right after Britain's 1917 Balfour Declaration promise for a Jewish State in Palestine for Israel founder the Baron Lord Lionel Rothschild, Brandeis' wholehearted embrace of Zionism and his blackmail leverage over President Woodrow Wilson fenagled US' belated entrance into World War I as an early entre to never-ending saga of Greater Israel Project wars. rest is history, with two decades later yet another bloodiest world war of them all where Lionel's successor Lord Victor Rothschild's subversive, even treasonous spying during the war led to the State of Israel shortly after the war. I devote chapter 2 of my Book 3 on the *Pedophilia & Empire* series, calling it "The 3rd Lord Victor Rothschild: Planet's 20th Century Overlord to Zionist World Dictatorship."

Beaty also stressed the tantamount importance of avoiding the dangerous consequence of allowing the latter 19th century to the present waves of millions upon millions of immigrants into the US that neither share Western Christian values nor a favorable predisposition to accepting America's traditionally Christian way of life. With today's open border implosion of foreign invaders perpetrated by demonic criminal design, driving up record crime rates and overtaxing an already burdened social welfare system, waging the soon raging open class, race, religious and cultural warfare, causing the worst migration crises in history embattling both Europe and North America, the controllers' agenda is clearly bent on willfully destroying America and entire West. This systematically plotted destruction of US/Western civilization was John Beaty's greatest fear and sole reason he wrote *The Iron Curtain over America*.

Beaty astutely saw the writing on the wall 73 years ago. Today, Americans and Europeans are paying the heaviest of consequences for not heeding the author's early warnings. In 2021 alone, $41 million US taxpaid dollars were involuntarily fed to the notorious NGO Hebrew Immigrant Aid Society (HIAS), among the biggest culprits responsible for our disastrous foreign invasion. Former HIAS board member US Homeland Security Jew Alejandro Mayorkas is the traitorous invasion ringleader fomenting the ruinous coup d'état, intended to bring down America far sooner than later. Nearly a century ago, *Iron Curtain* author John Beaty foresaw all this calamity fast coming, and the fact that he attributes this modern tragedy to the cancerous blight of the subversive Khazarian touch is all the more persuasively prescient.

***Joachim Hagopian** is a West Point graduate, former Army officer and author of "Don't Let the Bastards Getcha Down" exposing a faulty US military leadership system based on ticket punching up the seniority ladder, invariably weeding out the best and brightest, leaving mediocrity and order followers rising to the top as politician-bureaucrat generals designated to lose every modern US war by elite design. After the military, Joachim earned a master's degree in Clinical Psychology and worked as a licensed therapist in the mental health field with abused youth and adolescents for more than a quarter century. In Los Angeles he found himself battling the largest county child protective services in the nation within America's thoroughly broken and corrupt child welfare system.*
The experience in both the military and child welfare system prepared him well as a researcher and independent journalist, exposing the evils of Big Pharma and how the Rockefeller controlled medical and psychiatric system inflict more harm than good, case in point, the pandemic hoax and kill shot genocide. As an independent journalist for the last decade, Joachim has written hundreds of articles for many news sites, including Global Research, lewrockwell.com, currently https//jameshfetzer.org, Inteldrop.org and https://thegovernmentrag.com. As a published author of a 5-book volume series entitled Pedophilia & Empire: Satan, Sodomy & the Deep State, Joachim's books and chapters are Amazon bestsellers in child advocacy and human rights categories. His A-Z sourcebook series fully document and expose the global pedophilia scourge and remain available free at https://pedoempire.org/content s/. Joachim also hosts the weekly Revolution Radio broadcast "Cabal Empire Exposed" on Friday morning at 7AM EST (ID: revradio, password: rocks!)
